INDEPENDENT AUDITOR'S REPORT

To the Chairman and Members of the Board Valley Hospice Foundation

Qualified Opinion

We have audited the accompanying financial statements of the Valley Hospice Foundation, which comprise the statement of financial position as at March 31, 2020 and the statements of operations and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effect of the matters described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Valley Hospice Foundation as at March 31, 2020, and the results of operations for the year then ended, in accordance with Canadian accounting standards for not for profit organizations.

Basis for Qualified Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

In common with many charitable organizations, the organization derives revenue from donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of donation revenue was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary to revenue, excess of revenue over expenditures, assets and surplus.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not for profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Independent Auditor's Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Surplus provides cash Accounts receivable (decrease provides cash) Preapid expenses (increase uses cash) Accounts payable (decrease uses cash) Net change in marketable securities (increase uses cash)

Notes to Financial Statements

March 31, 2020

1. Nature of Organization

The Valley Hospice Foundation was formed in 2000 to raise funds towards the establishment of a residential hospice and the development and support for the hospice, and palliative care initiatives in the Annapolis Valley. The Foundation is exempt from income tax as a registered charity under the Income Tax Act.

2. Significant Accounting Policies

Basis of Presentation

These financial statements have been prepared in accordance with Canadian accounting standards for not for profit organizations.

Fund Accounting

The Foundation follows the restricted fund method of accounting for contributions.

Unrestricted Fund - Assets, liabilities, revenues expenses that are not designated for a specific purpose go toward the support Foundation's activities.

Hospice & Pallative Care Fund - The Foundation internally restricts funds related to providing hospice and pallaitive care to those people in need.

Grief/Bereavement Fund - The Foundation internally restricts funds related to providing grief and bereavement expenditures to those people in need.

Education Fund - The Foundation internally restricts funds related to providing education support.

Volunteer Program Fund - The Foundation internally restricts funds related to providing volunteer program support those people in need.

Building Fund - The Foundation internally restricts funds related to providing funds in connection with building costs of the Hospice. The net proceeds from the Hike for Hospice is to be used to fund the patio's and gardens spaces of the Hospice.

Contributed Services

Volunteers contribute many hours per year to assist the Foundation in carrying out its activities. Due to the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

Notes to Financial Statements

March 31, 2020

2. Significant Accounting Policies (continued)

Cash and cash equivalents

The Foundation's policy is to disclose bank balances under cash and cash equivalents including bank overdrafts with balances that fluctuate frequently from being positive to overdrawn and temporary investments with a maturity period of three months or less. Short-term borrowing is considered to be financing activities.

Revenue Recognition

The Foundation has implemented the restricted method of accounting for contributions. Donations for which there are no restrictions are recognized as revenue in the operating fund and restricted donations are recognized as revenue in the fund to which they relate.

Investment income (expense) includes dividend and interest income, realized and unrealized investment gains and losses, and where applicable, charges for other than temporary impairment of investments. Dividend and interest income as well as realized and unrealized gains and losses have been recorded directly in the statement of operations.

Investments

Investments consist of fixed income and equity investments. Fixed income investments maturing within twelve months from the year end date are classified as current.

Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. Actual amount could differ from these estimates.

Fair Value of Financial Assets and Financial Liabilities

Financial instruments consist of mainly cash, accounts receivable, investments and accounts payable. The carrying value of these financial instruments approximate their fair value unless otherwise indicated.

Notes to Financial Statements

March 31, 2020

3. Investments, at market

	2020	2017
Fixed income (cost \$1,713,514)	\$1,666,632	\$1,689,951
Equity (cost \$26,768)	21,421	424,600
	\$ <u>1,688,053</u>	\$ <u>2,114,551</u>

2020

2019

The fair value of long term investments are based on quoted market prices. Fixed income investments are comprised of bond pool investments.

4. Financial Instruments

Fair Value

The carrying values of accounts receivable and accounts payable approximate their fair value due to the relatively short periods to maturity of the instruments.

Investment Risk

The Foundation's Board of Directors has approved investment policies and procedures which provide guidelines for managing investments of the Foundation. Though this approach, investments are strategically invested on a long-term basis, among several classes of assets to reduce the risk of investment volatility. Concentration of risk exists when a significant proportion of the portfolio is invested in securities with similar characteristics or subject to similar economic, political or other conditions. Management believes that the concentration of risk is not unusual.

Interest Rate Risk

Interest rate risk refers to adverse consequences of interest rate changes on the Foundation cash flows, financial position, investment income and interest expense. The Foundation's fixed income investment are exposed to interest rate changes. The impact of adverse changes in rates is not considered significant.

5. Capital Management

The Foundation's objectives in managing capital are to ensure that sufficient financial resources are in place to deliver on the priorities set by the Board of Directors. Management and Directors of the Foundation monitor its capital on an ongoing basis by reviewing financial metrics, including cash flows and variances to forecasts and budgets.
